Summary

Recent Software Engineering Graduate and Junior Full-Stack Developer with hands-on internship experience designing and developing scalable, high-performance web applications, along with a strong focus on post-deployment maintenance of production environments. Proficient in TypeScript, Next.js, React.js, Tailwind CSS, Python, APIs, and both SQL and NoSQL databases. Demonstrates commitment to team collaboration and delivering impactful results. Known for reliability in meeting ever-evolving project requirements while consistently ensuring high-quality outcomes. Passionate about leveraging technology to drive innovation and enhance user experience.

Experience

Full Stack Developer Intern At Tech Venture Solution (On-Site) | July 2025 – September 2025

- Developed responsive user interfaces using Next.js, React.js, TypeScript, and Tailwind CSS for production-ready web applications.
- Collaborated with cross-functional teams to troubleshoot software issues and deliver timely feature improvements.
- Developed and integrated Node.js REST APIs to support backend functionality and data exchange.
- Participated in code reviews to improve quality, maintainability, and adherence to industry standards.
- Managed source code with Git to streamline collaboration and maintain efficient development workflows.

Python Developer Intern At Grow Intern (Remote) | March 2024 – April 2024

- Built two backend web applications using Python, Django, and Flask while applying RESTful development principles.
- Applied Python frameworks and libraries to develop maintainable backend solutions and strengthen application performance.

Education

Bachelor's Degree

September 2022 – July 2026

University: Mohammad Ali Jinnah University (MAJU) | Major: Software Engineering | CGPA: 3.7

Technical Skills

Programming Languages:

JavaScript, TypeScript, Python, C#, Java

Frontend:

React, Next.js, Tailwind CSS, HTML/CSS

Backend:

Node.js, Django, Flask, FastAPI

Databases:

PostgreSQL, MySQL, SQL Server, MongoDB

Cloud & Tools:

Git, GitHub, AWS, Azure
